What is The CGMA FLP?

No Objective Tests - Only Case Studies

The CGMA FLP is part of an all-inclusive subscription package and is delivered online in a self-paced digital environment.

It teaches the same competencies as other routes to the CIMA Professional Qualification, **only that students do not take Objective Tests**; they only sit for the case study exam.

Continuous digital assessments instead of high-stakes objective tests.

Includes all CIMA student fees and exam entry costs.

Flexible 1-year subscription timeframe.

Why Study CGMA FLP?

- The CGMA FLP has everything you need to study the CGMA Professional Qualification: all your learning, assessment, and Case Study exam preparation takes place within the platform, and your subscription includes your CIMA registration and membership, exam entry, and a full Case Study Review Course.
- You will work through three levels, with your knowledge put to the test via continuous assessment rather than sitting Objective tests. It means there are fewer exams on the CGMA FLP compared with other pathways
- At the end of each level, you will sit the same Case Study exam as all other CGMA candidates to test your mastery of business concepts and ability to apply your knowledge and skills in real-world scenarios.

What is The CGMA FLP?

Both the Self-Tailored Pathway (traditional route) and the CGMA Finance Leadership Program (FLP) lead to the same globally recognised CGMA® designation, founded on the CGMA Competency Framework. They use the same syllabus, teach the same nine subject areas, teach the same material and require the same level of proficiency and experience. **The way you study, pay fees**, and **progress through your exams** is the only difference. Choosing the right pathway can save you time, money, and stress and make the journey fit your lifestyle.

What are the Two Pathways?

Self-Tailored Pathway (Traditional Route)

Youprogressthroughall CIMAexams (Objective Tests and Case Studies) in the order you choose, using textbooks, tuition, or self-study. You control the pace, mix of classes, and exam dates. It is also known as the pay-as-you-go option because you can enrol per subject or per level, unlike the FLP.

CGMA Finance Leadership Program (FLP)

Afully digitallearningexperiencewhere youcomplete competency-based modules online. No Objective Tests — only Case Study exams. Access to all learning resources is covered by one annual subscription fee, with optional add-on CharterQuest Online & On-Campus Classes (E/F/P Pillar refresher + Case Study) including assessments to get ready for your Case Study Exam.

Side-by-Side Comparison
Assess the differences between the CIMA Traditional Route and the CGMA FLP Pathway

Feature	Self-Tailored Pathway	CGMA FLP Pathway
Exams & Assessments	Objective Tests + Case Study Exams	Continuous assessments + Case Study Exams (no Objective Tests)
Fees	Pay-as-you-go: per subject/level, exam, and class	One all-inclusive annual subscription - including exam fees for Case Study Exams
Mode of Study	On-Campus or Online Classes, and self-study	100% digital platform with interactive content and assessments + Optional Add-on classes
Flexibility	Choose exam dates, classes, and pace	Subscription sets a timeframe; progress as far as you can within the year
Best For	Students/Professionals who prefer structure, classroom learning, or spreading costs	Working Professionals who prefer guided online learning and fewer exams

Practical Experience Requirement (PER)

The Practical Experience Requirement (PER) is a key element of the CGMA qualification. The aim is to ensure candidates have a minimum of 36 months of practical/work experience in a business or finance setting.
This experience must provide the candidate an opportunity to apply what they have learned in the program in a business setting. This is why you will need to show you have achieved certain technical, business, people and leadership competencies. Ultimately, the CGMA designation will be rewarded upon completion of the program and PER.

What is Required?

- Minimum 36 months of relevant experience in finance or business.
- Demonstration of technical, business, people, and leadership competencies through practical application.
- Achievement of the CGMA designation upon successful completion of PER and all exam requirements.

More about CIMA PER:

- You will need to record and have your PER supervisor/s verify three years' experience (full-time equivalent). This can be accumulated before, during and after your studies)
- You can work in any industry or sector and size or type of organization.
- There is no prescribed list of acceptable Or expected job titles.
- The only time requirement is to demonstrate three years' experience in a relevant role(s). There is no need to split this down any further.
- You can add details regarding your practical experience requirements (PER) to your dashboard ANYTIME.
- You will be able to submit your PER for audit (to be signed off) once you have completed the Management Level.
- Complete 3 of the 5 core activities. For each activity, provide one example of your work experience and complete the STAR template, showing how you demonstrate this activity in your day-to-day role. The total word count for the STAR template is 500-750 words.

Choose 3 out of 5 Core Activities:

1. I have evaluated opportunities to add value
2. I have implemented strategic decisions
3. I have managed performance and cost to add value creation
4. I have measured the performance
5. I have managed internal and external stakeholders

Demonstrating the development of all 5 professional skills or behaviours that are essential to the management accountant. List of Skills & Behaviours:

1. Ethics & Integrity
2. Leadership
3. Growth Mindset
4. Professional Scepticism
5. Communication

"My CIMA journey has been quite a ride, juggling intense studies with a demanding new job and personal challenges that really tested my resilience. Late nights and tough moments stretched me thin, but I found strength by staying disciplined and believing that I could grow through every challenge. Every small victory, like mastering a tricky concept or pushing through exhaustion, boosted my confidence. As I look ahead, I'm energised and ready to tackle what's next with determination. To anyone going through a similar path: trust your resolve, celebrate every step forward, and keep going. You've got this!"
